

Trial 1 Ostracod Respirometry

① 10/Nov/25. Brick one (Box 2, old Firesting) = 4 2-ml chambers, Ch1 control. Brick 2 (Box 3, old Firesting) = 4 ~260 ml chambers with 20 individuals each, Ch1 control. Brick three (New Firesting) = 4 2-ml chambers, Ch1 control. Temp = ~28.5°C. 2 ml chambers have a single individual and are covered in tinfoil. Box 3: Ch1 = 268 ml, Ch2 = 264 ml, Ch3 = 262 ml, Ch4 = 260 ml. Stir bars Box 3: Ch1 = 2 ml / Ch2 = 2 ml / Ch3 = 2 ml / Ch4 = 2 ml.

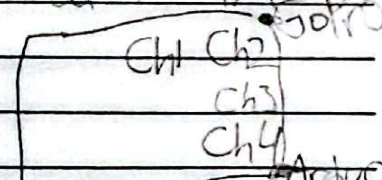

Trial 2

② 11/Nov/25. Brick one (Box 2, old FS) = 4 2-ml chambers. Brick 2 (Box 3, old FS) = 4 ~260 ml chambers (Ch1 = 260 / Ch2 = 262 / Ch3 = 264 / Ch4 = 268) with 20 indiv each. Brick three (new FS) 4 25 ml chambers with 5 individuals. In all, Ch1 is control. 2 ml ~~25 ml~~ covered w/ tinfoil. Temp = start 6:50 PM. Box 3 crashed at 7:15 pm, Box 2 ~10 PM; New FS = ~5:55 AM.

Trial 3

③ 12/Nov/25. Brick one (Box 2, old FS) = 4 ~260 ml chambers. Brick two (Box 3) = 4 Medium 25-ml chambers with 5 indiv. Brick three (new FS) = 4 2-ml chambers with 1 indiv. Ch1 control in all. 2 ml covered with tinfoil. Box 2 chambers: Ch1 = 260, Ch2 = 262, Ch3 = 264, Ch4 = 268. Lights off at 7:15 PM. B2C2 = 14 indiv. / B2C3 = 21 / B2C4 = 19 / B3C4 = 4 indiv.

Trial 4

④ 13/Nov/25. Box 2 & 3 = 2-ml chambers. New FS = ~260 ml columns. (Ch1 = 260, Ch2 = 262, Ch3 = 264, Ch4 = 268). Ch1 control for all. 2 ml covered w/ tinfoil. Off start = 6:53 PM. NFS Ch3 shattered after, no weight...

④.5 Light. Start = 8:40 am. Re-run indiv trials of ④ but in light, except B3 Ch2 (animal died), was smothered.

260ml

(5) 14/Nov/25. Box 2 = Columns = Ch1 = 260. Ch2 = 260, Ch4 = 268 B3 & New FS = 2-ml chambers. New indiv. Start: 6:50 PM Ch2 = 15 indiv recovered, Ch4 = 15 indiv.

(5.5) 15/Nov/25. Light indiv, start 8:40 AM Re-run. Consider temp of new FS, only 1 control, no on box 3 (broken container)

(6) 16/Nov/25. Box 3 & new FS = 2 mL chambers. Only one control, on new FS. Start: 8:35 AM. Note: Box 3 Ch 3 dead (crushed?) by the end

(6.5) 16/Nov/25. Dark indiv. start = 6:10 PM. Re-run

(7) 17/Nov/25. Box 3 & new FS = 2 ml chambers. Only one control on new FS. Start = 8:26 AM. Light.

(7.5) 17/Nov/25. Dark indiv. start = 7 PM. Re-run
